THE GROUP COLLECTIVE
CONCEPT + DEVELOP + EXECUTE

PRODUCTION PARTNER CAPABILITY GUIDE

Senior production leadership that strengthens your team, protects the plan, and advances complex live experiences from concept through execution.

TECHNICAL | OPERATIONS | PLANNING

WHO WE ARE

A flexible, senior-level production resource for agencies, event producers, AV partners, and corporate teams that need added bandwidth without adding permanent overhead.

Core capabilities

Integrated support across technical planning, production leadership, and execution.

TECHNICAL DIRECTION

Systems coordination • Show control • On-site leadership

PROJECT MANAGEMENT

Scope • Schedule • Budget • Stakeholder alignment

PRODUCTION OPERATIONS

Crew • Vendors • Logistics • Run of show

CAD + TECHNICAL PLANNING

Layouts • Stage plans • Technical documentation

PREPRODUCTION STRATEGY

Feasibility • Risk review • Execution planning

PARTNER INTEGRATION

White-label support • Team augmentation • Client discretion

Built to scale up for a single workstream or integrate across the full production lifecycle.

FLEXIBLE ENGAGEMENT

Project-based | Fractional | Embedded

Technical direction

One accountable technical lead connecting creative intent, venue realities, and production systems.

01 SYSTEMS ALIGNMENT

Coordinate audio, video, lighting, scenic, rigging, power, and show control.

02 TECHNICAL ADVANCE

Clarify requirements, constraints, dependencies, and venue interfaces before load-in.

03 SHOW-READY EXECUTION

Lead technical rehearsals, cueing, troubleshooting, and real-time decision making.

04 RISK + QUALITY CONTROL

Identify failure points early and protect the audience, schedule, budget, and client experience.

Outcome: faster decisions, cleaner handoffs, and fewer surprises on show site.

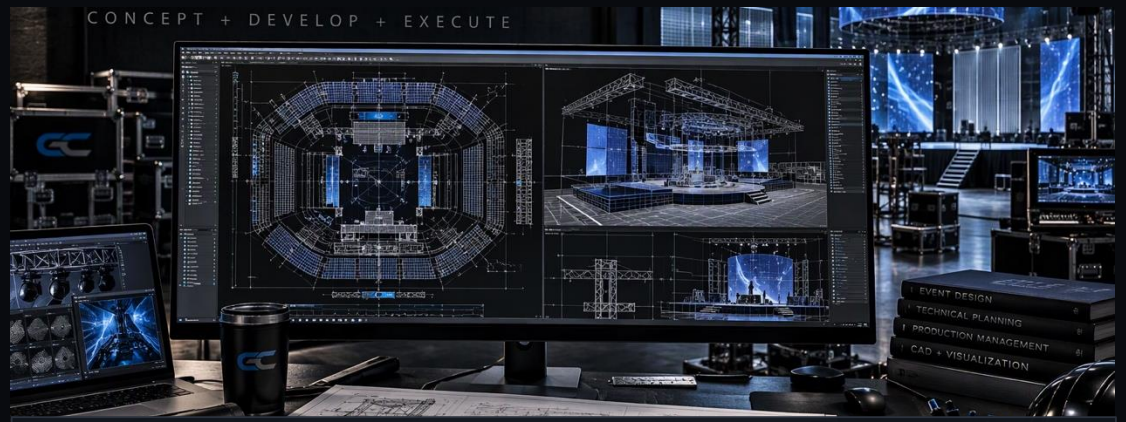

Project Management + CAD

Operational structure and visual clarity that keep technical teams moving together.

PROJECT / PRODUCTION MANAGEMENT

- Scope, schedules, budgets, staffing, vendors, logistics, documentation, run of show, and stakeholder communication
- Practical ownership from kickoff through closeout

CAD + TECHNICAL PLANNING

- Venue layouts, stage plots, production plans, equipment positioning, sightline coordination, and technical markups
- Documents that reduce ambiguity and support accurate execution

CONTROL THE DETAILS So the team can focus on the experience.

04 / THE PARTNER ADVANTAGE

Why production partners use TGC

Senior expertise that adds capacity without disrupting ownership, relationships, or workflow.

- **Fits Your Team**
  Works within established processes, reporting lines, and client protocols.
- **Protects Your Relationships**
  Professional, discreet, and collaboration-first support, including white-label engagements.
- **Adds Experienced Bandwidth**
  Expands leadership capacity for peaks, complex programs, and specialized workstreams.
- **Improves Execution Clarity**
  Converts creative and operational goals into actionable technical plans.

THE GROUP COLLECTIVE
